

American Veterans Vote Volunteers

Thank you for your interest in becoming an AVV Volunteer with our Poll Worker Team

Our Purpose

The AVV Poll Worker Team focuses on local voting poll locations to assist Veterans and Veteran Supporters in registering, voting, and ensuring vote integrity in accordance with state guidelines and registrar instructions.

Your Tasks

As part of the AVV Poll Worker Team you may greet voters at selected polling locations, hand out sample ballots or AVV materials, and answer questions about voting procedures and candidates. The team also assists volunteers who are interested in working “inside” the polls as a poll watcher or election official. AVV headquarters may ask for periodic collection and reporting of publicly available voter participation information available from local registrar offices.

Where / When

You will be volunteering at selected polling locations as your schedule allows from the beginning of early voting through voting day. Team coordination will use periodic Zoom meetings and phone trees to assign poll site responsibilities.

Other notes:

All activities at polling sites are strictly controlled by state and local regulations. Local political officials can assist in explaining local rules. Regional team leaders can provide further guidance on your rights and your responsibilities.

AVV provided shirts, Veteran headgear, or other Veteran identification items are encouraged while at the polling site.
